WHO WE ARE

Founded on 2022 and headquartered in the dynamic innovation ecosystem of Bangalore. Kembiotek Lab Solutions has rapidly emerged as a trusted partner to Academic Research, Industrial and CRO communities across India & rest of the world.

As an Authorized Dealer of Scientific and Industrial Products, we exist to connect cutting-edge global solutions with the evolving needs of laboratories, manufacturers, researchers, and quality assurance environments in sectors as diverse as :

- Food & Feed
- Industrial Painting, ED, Plating
- Soil, Seed & Fertilizer
- Automotive & Aerospace
- Pharma & Biotech
- Chemical Manufacturer
- Environmental & Material
- Engineering Manufacturing

OUR MISSION

Our mission is simple yet powerful: to empower Indian professionals with the best tools, technologies, and consumables that enable reliable results, operational efficiency, and scientific innovation. Every product we bring into the market is chosen to enhance productivity, precision, and performance for our customers —whether in routine testing, advanced R&D, industrial process controls or regulatory compliance workflows.

We are driven by a deep belief that access to high-quality scientific and industrial products accelerates progress — be it in life sciences breakthroughs, food safety assurance, environmental stewardship or chemical manufacturing.

OUR VISION

We envision a future where every laboratory and industrial facility in India —irrespective of its size — has seamless access to world-class scientific instruments, consumables and support services. We aim to be the first choice for professionals who demand quality, reliability, and responsiveness in every interaction.
